

HAYSTACK

Mountain School of Crafts

Haystack awards approximately 25% of all summer workshop attendees with scholarships and fellowships. Providing support to students has tremendous impact, and we are very proud of the 83 named funds that have been created at Haystack. A number of donors have taken steps to endow individual scholarships and fellowships that we are able to allocate on an annual basis in keeping with the intentions and directives of each fund. A named scholarship can be created with a gift of \$30,000 and provides tuition, room & board for a two-week workshop. A fellowship can be created with a gift of \$40,000 and includes the addition of a travel stipend to offset the expense of travel to and from Deer Isle. Haystack is also able to work with donors to establish Current Year Scholarships for \$1,555 (2019 value) each, providing a student with tuition, room & board to attend a two-week workshop.

Haystack is firmly committed to diversity, inclusion, and equity. This will remain one of our most critical goals, ensuring the school supports all students, with no bias in regard to age, color, disability, gender identification, national origin, race, religion, sexual orientation, economic status, or veteran status.

As an artistic community we believe in celebrating divergent points of view. One of the most effective tools we have towards supporting this mission is our scholarship program, which in 2018 brought over 120 students (recent high school and college graduates, retirees, parents, emerging artists, and more) from as near as Deer Isle to as far away as Myanmar, Norway, and India. The scholarship program is supported through annual fund contributions, end of session auctions, the summer gala, grants, and our scholarship endowment.

FELLOWSHIPS

Arizona State University Fellowship
Established by Joanne and James Rapp
(Awarded by Arizona State University)

Edward Larrabee Barnes Architectural Fellowship

Mary Blakley Fellowship

The Brown University Fellowship
Established by Joan and Pablo Sorensen
(Awarded by Brown University)
